Spring 2

Message from Sacha Schofield, Headteacher

It has been really wonderful to finally see the school full of students engaging in learning. I can see the benefit to them all of being back in the school routine, not least being able to participate fully in school life and see their peers. Whilst we continue to work in bubbles we are adhering to the Covid-19 requirements and of the HANDS, FACE, SPACE guidance. Please continue to encourage this principle at home too. Whilst at school our students have been able to take part in PE, Forest School and lots of outside time – thank goodness the weather is picking up!

From all of us here at Bents Green School Community we wish you and your families a wonderful and safe Easter break.

News from Forest School—Earth Day 2021

This is a global environmental event celebrated every year on April 22nd. People from across the globe participate in action towards creating a healthier environment for future generations. At Bents Green School we are hoping to take part by having a day of exciting workshops and events.

The focus for this year is "Restore Our Earth". In collaboration with the Sheffield & Rotherham Wildlife Trust & Our Cow Molly Dairy Farm all students in KS3, Nurture & Sycamore will access 2 interactive workshops to milk the model cow and make butter. The aims are for pupils to grow their understanding of how food is produced and to grow their awareness of responsible food and consumer choices. This will be the first time "Molly" has left the farm to run these workshops so we are making history!

Other activities include art workshops reusing plastic materials & tree and wild flower planting. Follow us on [twitter](#) to see what the students have done.
