

Newsletter

Spring 2

Message from Sacha Schofield, Executive Headteacher

Welcome to this half terms newsletter. Firstly, please can I draw your attention to the important changes to the weekly Covid testing program which took effect from 1st April at [gov.uk](https://www.gov.uk). It states that children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people. They can go back to school when they no longer have a high temperature, and they are well enough to attend. They should try to stay at home and avoid contact with other people for 3 days.

We have also updated our GDPR webpage as the privacy notice has changed. You can read all the details by following the link [to our website](#)

It has been great to see our students taking part in activities such as tree planting at Gleadless, working hard towards exams and assessments, being invited to the Town Hall, taking part in work experience as well as all the World of Work week activities, to name a few. For up to date news from school please follow us on twitter [@bentsgreensch](#)

Thank you to our wonderful Parents/Carers and families for their continued support of the school for specialist days such as World Book Day, Comic Relief and Wear it bright for Save the Children.

From all of us here at Bents Green School, we wish you and your families a wonderful Easter break.

Transitional Committee for Education, Health and Care Ambassadors

Following on from participating in the Transitional Committee for Education, Health and Care in January our two to thank them for representing the school and for their suggestions. Well done to them both.

Makaton

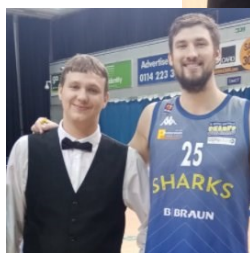

Helen Philliskirk & Viv Annabel

Our Student Council have been looking at the recycling we do in school. They have walked around the building and yard counting the different types of bins we have and whether there are enough of them. Students have also been in the school yard doing some litter picking. They have really enjoyed this part of it and we plan to make it a termly event on the calendar! And if that wasn't enough, they have also done some fundraising for Comic Relief by selling Red Noses in school. Well done! Natalie Simpson

Sheffield Sharks Alternative provision

One of our students attends Sheffield Sharks at Ponds Forge each week and was invited to watch a live Basketball game, meet the players and sell items he had been making at his placement. He said there was a "Beautiful community feel" and that he very much enjoyed the experience.
